SOFTISAN 649 IS IN HIGH DEMAND!

SOFTISAN 649,
also known as
BIS-DIGLYCERYL POLYACYLADIPATE-2,
is a versatile cosmetic ingredient with a wide range of
applications due to its moisturizing, film-forming, and
water-resistant properties.
It's often used as a lanolin substitute in skincare, sun
care, color cosmetics, and baby care products.

CURRENTLY SOFTISAN 649 IS IN HIGH DEMAND.
PROVIDING A FORECAST CAN HELP US STAY BEST PREPARED FOR YOUR FUTURE NEEDS.

INDUSTRY NEWS

Due to ongoing developments in trade regulations, some tariffs and duties associated with specific goods or materials remain undetermined. Our team is closely monitoring the situation and will provide updates as soon as more information becomes available.

Please be assured that we are doing everything possible to minimize the impact on your business. Our goal is to handle this situation with fairness and transparency, and we are happy to work with you to find the most reasonable path forward.
